

Impact LP beacon

Overview

The impact LP LED beacon brings the maintenance and resilience benefits of LED technology to a rugged stand alone beacon range. Latest generation LED's provide a working life of more than 50,000 hours ensuring maximum reliability with minimum maintenance, setting a new standard for stand alone beacons that others will find hard to match.

The LED's, coupled with highly effective optic lenses produce an impressive light output, enabling Impact LP to achieve to EC65 (class 1 & 2) approval in both blue and amber versions.

Each beacon incorporates 12 LEDs that are divided into groups of 3, alternating colour patterns are available to special order. A wide range of flash patterns are incorporated as standard, as are synchronisation and night dim options.

Impact LP is also available with independent front / rear switching which can be combined with dual colour operation, this increased flexibility allows front only operation, rear only operation or all round operation.

Dimensions (mm): H80 x Dia 106 (Lens) / 134 (Base)

Materials: Cast Aluminium base, lenses are moulded in strong UV stabilised polycarbonate.

Mounting: Impact LP is available in permanent, magnetic, DIN and pole mount versions, magnetic mount versions have been independently speed tested on a vehicle to ensure stability and security.

Order Code	Description
3-3541-1	Permanent Mount Amber or Red*
3-3541-EA	Permanent Mount Amber - Clear Lens + Amber Led ECE R65 CLASS 1
3-3541-2	Permanent Mount Blue Green or White*
3-3541-EB	Permanent Mount Blue - Blue Lens + White Leds ECE R65 CLASS 2
3-3541-1-M	Magnetic Mount Amber or Red*
3-3541-EA-M	Magnetic Mount Amber - Clear Lens + Amber Leds ECE R65 CLASS 1
3-3541-2-M	Magnetic Mount Blue Green or White*
3-3541-EB-M	Magnetic Mount Blue - Blue Lens + White Leds ECE R65 CLASS 2
3-3542-1	DIN Mount Amber or Red*
3-3542-EA	DIN Mount Amber - Clear Lens + Amber Leds ECE R65 CLASS 1
3-3542-2	DIN Mount Blue Green or White*
3-3542-EB	DIN Mount Blue - Blue Lens + White Leds ECE R65 CLASS 2
3-3545-1	Pole Mount Amber or Red*
3-3545-EA	Pole Mount Amber - Clear Lens + Amber Leds ECE R65 CLASS 1
3-3545-2	Pole Mount Blue Green or White*
3-3545-EB	Pole Mount Blue - Blue Lens + White Leds ECE R65 CLASS 2
